Hello,

I would like to try and be included as a candidate for the election to the BCIT Board of Governors.

In BCIT, I have had different roles such as a Customer Service Representative, Records Assistant, Declaration Specialist, Multimedia Developer and, now, work as a Systems Coordinator. In addition, I am also a graduate of BCIT under the Software Systems Developer program.

My hope is I would be a part of the Board of Governors and, bring genuine curiosity, driven by the pursuit of truth and be an advocate for fairness.

Sincerely,

**AJ P.**
