

As a dedicated advocate for education and innovation, I am honored to present myself as a candidate for the Board of Governors at the British Columbia Institute of Technology (BCIT). With a commitment to advancing the mission and values of BCIT, I bring a diverse range of experiences, skills, and perspectives that can contribute significantly to the institution's growth and success.

I am passionate about the transformative power of education. Throughout my career, I have witnessed the profound impact that quality education can have on individuals, communities, and society. I believe BCIT plays a pivotal role in shaping the future of British Columbia by equipping students with the skills, knowledge, and values necessary to thrive in an ever-changing world.

My professional background spans both the private and public sectors, providing me with a strong understanding of organizational dynamics, governance principles, and strategic planning. I hold a Master of Administrative Science specialized in Human Resources, which enhances my ability to support BCIT's mission of fostering a skilled and adaptable workforce. I am currently pursuing my CPA designation, which has equipped me with advanced financial acumen and analytical skills. Over the years, I have held important roles where I was responsible for overseeing budgets, making strategic decisions, and fostering collaboration among diverse stakeholders. These experiences have prepared me to navigate complex financial challenges and contribute to the sound fiscal management of BCIT.

I am also committed to diversity, equity, and inclusion. An inclusive learning environment is essential for fostering innovation, creativity, and excellence. As a member of the Board of Governors, I will advocate for policies and initiatives that promote diversity and ensure that all members of the BCIT community feel valued and supported.

In addition to my professional experience, I am dedicated to lifelong learning and personal development. I understand the importance of staying informed about emerging trends and best practices in education. I will bring a forward-thinking mindset and a willingness to explore new ideas for enhancing BCIT's programs and services, aiming to reduce burnout and improve efficiency in our community.

Moreover, I believe in forging strong partnerships between BCIT and external stakeholders. By collaborating with industry partners, government agencies, and community organizations, BCIT can better align its programs with workforce needs and contribute to the region's economic prosperity.

I am excited about the opportunity to serve as a member of the Board of Governors at BCIT. With my passion for education, diverse skill set, CPA candidacy, commitment to diversity and inclusion, and collaborative approach, I am confident I can make a meaningful difference in advancing BCIT's mission and vision. I look forward to contributing to its continued growth and impact.

Thank you for considering this statement. I am eager to bring my energy, dedication, and expertise to the Board of Governors and work collaboratively to ensure that BCIT remains a leader in education and innovation.
