

With deep appreciation for the opportunity to have served on the Board of Governors several terms ago, I am eager to bring my rich blend of work and education experience back to this esteemed board. As a former BOG member and a seasoned professional with extensive years in business administration and data governance, I have cultivated a comprehensive understanding of the challenges and opportunities facing higher education institutions like BCIT.

During my tenure on the Board, I was dedicated to fostering an environment that encourages innovation, inclusivity, and academic excellence. My background in a government position alongside with a mix of management and specialist roles has equipped me with unique insights and strategies to navigate complex challenges, driving sustainable growth and development.

As we stand at the cusp of significant educational transformations, my commitment to BCIT's mission has never been stronger. I am passionate about leveraging my extensive experience to contribute to the Board's endeavors in shaping a future-ready institution. My vision encompasses not only upholding the highest standards of education and innovation but also fostering a community where every student and staff member is empowered to achieve their full potential.

Rejoining the Board of Governors, I am prepared to harness my in-depth knowledge and professional acumen to further BCIT's legacy as a leading educational institution. Together, we can forge new paths, embrace emerging technologies, and prepare our students to be the trailblazers of tomorrow. I am excited about the prospect of contributing to this journey and humbly seek your support to make a meaningful impact once again.
