

Criminal Record Check Information BCIT Health Programs

Effective January 1, 2012, The [British Columbia Criminal Records Review Act](#) requires that post-secondary students working with children and/or vulnerable adults as part of a practicum must undergo a criminal record check by the Criminal Record Review Program (CRRP).

Please follow the link in your conditional acceptance letter for instructions on how to complete your criminal record check. **Do not** proceed with a criminal record check before receiving this information.

The fee to complete the criminal record check process is \$28.00, paid directly to the Ministry of Public Safety and Solicitor General. Any criminal record check not performed by the Ministry of Public Safety and Solicitor General will **not** be accepted, and may result in additional costs.

Students that are found to be at risk by the Ministry of Public Safety and Solicitor General or BCIT will not be able to participate in the clinical practicum experience and, therefore, will not be considered for their program.

Students charged with, or convicted of a criminal offense subsequent to a criminal record check, must immediately inform the BCIT Registrar's Office and submit a new Criminal Record Check Consent form.

A list of criminal offences and further information is available on the [Ministry of Public Safety and Solicitor General's](#) website.

For more information about the criminal record check process at BCIT, please email BCIT_criminal_records_check@bcit.ca
