

ENVIRONMENTAL HEALTH PROGRAM SELF-ASSESSMENT (MANDATORY)

Admissions

3700 Willingdon Avenue, Burnaby, BC, Canada V5G 3H2

1. Complete this form and submit it electronically along with your application form.
2. Official transcripts must be submitted with your online application form.
3. Be sure your full name and BCIT ID (student number) is included on each document submitted.
4. Applicants who completed post-secondary studies outside of Canada, US or England must provide a comprehensive evaluation of their credentials by the International Credential Evaluation Service (ICES).

Name	BCIT Student No.
Address	

I confirm that I meet the following requirements:

- 60 semester credits, with 18 of the 60 credits in second-year level or higher in two or more subject areas

SECTION I

Please list the post-secondary courses you have taken in each category below. Note: You can only list each course once in this section.

- A. Indicate the course(s) you have taken which satisfy the following mandatory post-secondary entrance requirements (67% minimum).

Subject	Course Name / Number	No. of Credits	Grade/Mark	Year Completed	Institution
For Example	BIO 300	3	80%	2009	UBC
English or Equivalent					
Biology					
Chemistry					
BioStatistics/Statistics (Prior to entry preferred)					

FOR OFFICE USE ONLY

B. List six additional science credits (67% minimum). Preferred courses: organic chemistry, biochemistry, human anatomy, human physiology, physics and math.

Subject	Course Name / Number	No. of Credits	Grade/ Mark	Year Completed	Institution
FOR OFFICE USE ONLY					

SECTION II

Eighteen credits of second-year level or higher courses in at least two subject areas (67% minimum). Courses listed in Section I can also be listed in Section II.

Subject	Course Name / Number	No. of Credits	Grade/ Mark	Year Completed	Institution
FOR OFFICE USE ONLY					

SECTION III

Please speak to at least one PHI/EHO by phone or in person about the career (health.gov.bc.ca/socsec). Based on your discussion please respond to the following questions:

- In your opinion what are the beneficial and challenging aspects of the profession?
- What areas of public/environmental health interest you the most and why?
- What did you learn about the profession?
- As a result of this discussion why are you suited for this career?

Name of the Health Inspector	Office/Location of the Health Inspector
------------------------------	---

Please complete your response to the questions above, in the area below:

For applicants who are not accepted into the next intake, recommended upgrading may include one or more of the preferred science courses listed under Section I B.
