Information on Preparing for Professional Certification | [APIC](#) | [FAQs](#)]

The student is responsible for contacting APICS and arranging to write the APICS certification exam.

APICS Certified in Production and Inventory Management (CPIM)	APICS Certified Supply Chain Professional (CSCP)	APICS Certified in Logistics, Transportation and Distribution (CLTD)
<p>APICS CPIM certification may be right for you if you want to demonstrate professional knowledge in increasing an organization’s profitability by optimizing its production and inventory management within the “four walls” of the organization.</p>	<p>APICS CSCP certification may be right for you if you want to demonstrate mastery of the extended supply chain, from the organization’s suppliers through to the end customer. The CSCP course covers topics that extend beyond the organization (e.g., globalization, IT in the supply chain, logistics, customer relations).</p>	<p>APICS CLTD certification may be right for you if you want to demonstrate professional knowledge in logistics, transportation and distribution.</p>
