

STUDY ABROAD BY DESIGN – FALL 2021

Build a custom program by selecting up to four courses from one or more program areas. BCIT offers daytime classes ('Full-time Studies') and open enrollment classes in the evening and on weekends ('Part-Time Studies') in the Fall term. Study Abroad students are full-time students who can take courses from both our full-time and part-time studies catalogue. Please note that the course offering is subject to change.

HOW TO CHOOSE YOUR COURSES

Are you a Bachelor student when attending BCIT?

You can choose courses from Level 1 (BCIT first year classes), Level 3 (BCIT second year classes) and part-time studies. If you are in your final bachelor year, you can also choose courses from the Sustainable Business Leadership program and from the final year of the Bachelor of Business Administration and – approval for all of these courses will be on a case-by-case basis.

Are you a Master student when attending BCIT?

You can choose courses from all levels and all programs: all part-time studies courses, level 1 (BCIT first year classes), level 3 (BCIT second year classes), the bachelor degrees (level 7000+), and the Sustainable Business Leadership program. Approval in higher level courses will be on a case-by-case basis.

Keep in mind that BCIT is different from a typical university. In our regular two-year diploma programs, our students take a lot of credits – often the same amount as students in Europe take in three years at a traditional university! In the second year, programs focus in-depth on a specialization area. This means that even as a Master student, level 3 courses can be a very good fit for you.

For the best student experience, we recommend you to first look at one full-time program that best suits your academic needs and record the courses you might be interested in. Look again at all the other level 1, 3, Bachelor, and part-time studies courses to supplement your course selection.
