

**COURSE EQUIVALENCIES**  
**FOR STUDENTS ACCEPTED PRIOR TO SEPTEMBER 2022**

Curriculum for the BTech CM program has been revised effective for the September 2022 intake. In order to graduate, students need to complete the courses and the minimum credits as outlined in their Program Plan received on acceptance into the program. Students that began the program prior to September 2022, refer to the course equivalencies in the table below. If you have not completed the original course noted in your matrix, the equivalent course you will need is listed in this table.

Note: Rows shaded in gray indicate change to credits only or no change.

| Previous Program Plan<br>Acceptance prior to September 2022 |   |     | Equivalent Course                                 |  |     |
|---|---|-----|---|--|-----|
