RATIONALE FOR ON-CAMPUS ACTIVITY

Please provide a short description explaining why you need employees on campus. Your narrative should be focused on the practical elements of what the employees will be doing.

I live in an apartment which, due to COVID-19, is housing a few extra people including a small child. I would prefer to work from campus for no more than 3 days a week during the summer months. I will be on vacation for most of July and August, but this plan is being submitted for the days which I may be on campus in June and late August. Some activities include attending department meetings, seminars, preparing instructional material for Fall 2021 and other administrative work.

Directions for completing this Safety Plan:

- 1. First step of this process is to review the BCIT COVID-19 Go-Forward Plan as the overall planning document for this process.
