RATIONALE FOR ON-CAMPUS ACTIVITY

Please provide a short description explaining why you need employees on campus. Your narrative should be focused on the practical elements of what the employees will be doing.

To support face-to-face student needs and perform administrative tasks requiring specialized office equipment and supply:

- AD and AM comes in 3-5 days a week to oversee campus operations and administration.
- Admin Assistant comes in when AD is in.
- IT Analyst comes in twice a week.
- Admission/student records officer comes in once a week to print certificates and obtain AD/DH signature.
- Co-op Coordinator comes in 1-2 times a month to meet with students, obtain AD's signature on documents and collect purple folder documents.
- Ops & QA Coordinator comes in once a month to archive purple folder documents, as required by Transport Canada.
- PA, Curriculum comes in once a month to prepare for on campus examinations.
- Program Technician/Facilities Coordinator comes in daily to oversee training tank and equipment, dock and equipment, etc. Acts as First Aid Level 2.
- Simulator Technician comes when there are simulator lab classes running, otherwise works remotely.
- DH comes in to oversee faculty and students daily.
- Faculty are on campus only when delivering practical component of class and invigilating periodic exams, as required by Transport Canada. Faculty uses their office for break areas, storage for personal articles, and remote delivery to online class.

CONTROL MEASURES

COVID-19 SAFETY PLAN: CONTROL MEASURES CHECKLIST

Directions for completing this Safety Plan:

1. First step of this process is to review the [BCIT COVID-19 Go-Forward Plan](#) as the overall planning document for this process.
2. Use this checklist as a tool to assess COVID-19 control measure preparedness for employees and the spaces they will be using. Refer to the BCIT COVID-19 Go-Forward Plan for standardized safety guidelines and procedures.
3. For each control measure, state the details. If the control measure is a 'No' or 'NA', please provide a brief explanation.
4. The manager requests all PPE requirements by submitting this draft Safety Plan to the PPE@bcit.ca.
5. Implement all the safety measures in this Safety Plan.
6. The manager completes a site visit to ensure all control measures and safety supplies are in place.
7. The manager signs the completed Safety Plan and submits it to returntocampus@bcit.ca for approval.
8. Once approved, the COVID-19 Safety Plan is posted in all work areas identified within this plan.

Note: The workspaces cannot be used until all applicable control measures are in place and Safety Plan is approved. For additional resources the [Risk Assessment Controls Guidance and Hierarchy of Controls](#). For assistance email ssemohs@bcit.ca.
