RATIONALE FOR ON-CAMPUS ACTIVITY

Please provide a short description explaining the need for students to be on campus. Your narrative should be focused on the practical elements of the program or activity that are critical to achieving learning outcomes, and why on campus components cannot be replicated in an online or alternative environment (e.g. student bringing learning equipment home).

This program is delivered online. For the final project, in-person instructor feedback sessions could take place up to twice a week on a rotational basis with no more than 4 students at one time.

This activity is optional and accommodations will be available for those students who do not wish to go on to campus.
