Routine	<7 Days							
Planned	Scheduled							

**FACILITIES AND CAMPUS DEVELOPMENT
SERVICE COMMITMENT – Food Services Equipment**

Service requests exceeding the above time frames will be escalated first to the responsible foreman or supervisor, and then to the Manager Maintenance if required.

Annacis Island Campus:

Custodial and grounds keeping service requests will be handled by BCIT Facilities Services according to the above priorities.

Maintenance service requests are the responsibility of VCC. Such service requests, if received by the Facilities Service desk, will be forwarded to VCC for action. Such requests will be processed according to the priorities set by VCC.

Facilities and Campus Development Service Level Objectives

Burnaby Campus

- Service levels will be the same as specified for the BCIT community in the Facilities and Campus Development General Service Commitment, and in the Facilities Service Desk Service Commitment

Satellite Campuses

- Service levels will be the same as specified for the BCIT community in the Facilities and Campus Development General Service Commitment, and in the Facilities Service Desk Service Commitment

Facilities Request System

- Service levels will be the same as specified for the BCIT community in the Facilities and Campus Development General Service Commitment, and in the Facilities Service Desk Service Commitment

Customers of This Service

Included:

- Corporate Services

Not included:

- Tenants
- Students
- Other BCIT schools and departments

Business Process Enabled by This Service

This service ensures that BCIT’s existing utility and infrastructure supplying Corporate Services Food Services tenants is maintained.

Customer Role

FACILITIES AND CAMPUS DEVELOPMENT
SERVICE COMMITMENT – Food Services Equipment

The cooperation of Corporate Services and their tenants will be necessary for the safe maintenance and operation of BCIT’s utilities and infrastructure. In particular, Corporate Services is responsible:

- To develop standard operating procedures for safe lighting of gas fired kitchen equipment, following all precautions referenced in any equipment owner’s manuals
- To develop a lock-out/tag-out procedure for safe maintenance and operation of equipment
- To resolve any equipment blockages from the equipment up to the wall
- During maintenance work, to ensure that
 - All relevant equipment is unplugged for the duration of the work.
 - All relevant shut-off valves that are within Food Services’ spaces are to be opened and closed as required for machine service/operations at the discretion of Corporate Services.
