

1.0 GENERAL**.1 Summary of Requirements of BCIT**

- .1 BCIT's Grounds and Gardens Team have an established honeybee and pollinator program called BeeCIT. This program is part of BCIT's commitment to ecological restoration and supporting of natural spaces on our campuses which employs sustainable planting and landscape maintenance practices to support bees and other wildlife.
- .2 <https://www.bcit.ca/facilities/facilities-services/grounds-landscaping/beecit-pollinator-program/>.
- .3 Contact Grounds and Transportation and Campus Development to confirm if any bee hives are to be accommodated into the project.
