

## TUITION FEE PAYMENT

BCIT tuition fees are payable on a term by term basis. First-term tuition is due 60 days prior to the start of your program. Returning and continuing students must pay their tuition fees in full within 10 business days from the start of classes. Part-time course tuition fees must be paid at the time of registration.

## TUITION FEE DEFERRAL

You may request an extension of your tuition fee payment deadline. If your request is approved, you still have to pay your fees but at a later date. Tuition fee deferral is for one term of study at a time.

## TO BE ELIGIBLE

You are eligible to apply for a tuition fee deferral if you meet at least one of the following criteria:

- You have been approved for government loan/grant funding either through BC or another province / territory.
- You are receiving other sources of funding, such as EI sponsorship, RRSP, RESP, awards, scholarships or sponsorships. Proof of funding is required.
- You have been approved for Adult Upgrading Grant funding for the term.
- In addition, if you are newly accepted into a full-time program, you are required to pay your BCIT Commitment Fee before your tuition fee deferral application will be considered.

Please note:

- You cannot defer tuition fees that exceed the total amount of your government student loan/grant funding or other sources of funding unless you pay the difference first.
- BCIT does not offer payment plans, such as paying tuition fees over a period of months from wages or other sources of income.
- The following are not eligible for a tuition fee deferral:
  - Airline and Flight Operations (Flying School fees)
  - International students
  - Apprentice students
