

BSN General Education Electives Requirement

A total of six credits of University Transferable General Education electives must be from subject areas outside of the Nursing discipline. These six credits are to be from two different academic disciplines (non nursing), with a minimum grade of 67% in each.

Suggested BCIT Courses:

- BCIT's Liberal Studies Electives (LIBS 7XXX) meet the General Education electives requirement **except for** LIBS 7001, LIBS 7002, and LIBS 7021.
- CARD 1187 or MATH 1060

Non-BCIT courses eligible to receive credit as General Education electives must be:

- transferable into a recognized Canadian degree program (see [BC transfer guide](#))

Eligible University Transferable General Education electives can come from any of the discipline areas listed below. Courses can be from the same subject area but must be different academic disciplines. For example, you can use an Anthropology course and an Archaeology course, but not two Anthropology courses.

Natural Science	Social Science	Humanities	Arts & Sciences
Astronomy	Anthropology	Art History	Includes all subjects listed under Natural Science, Social Science & Humanities and also includes courses in professional and applied sciences. Business Computer Science Economics Education English Information Science Kinesiology (case-by-case) Mathematics Library Science Statistics
