

ADDITIONAL PROGRAM REQUIREMENTS FORM

CRIMINAL RECORDS CHECK AND IMMUNIZATION REVIEW

Effective 1 January 2012, the British Columbia Criminal Records Review Act requires that students registered in a certificate, diploma, or degree program with a practicum component involving work with children and/or vulnerable adults must provide a criminal record check authorization to the Criminal Record Review program.

All students must submit to a criminal record check and be cleared by their local police authority prior to clinical placement. This is a requirement of the Health Authorities.

The British Columbia Health Authorities also require students to be fully immunized before they can be released to their clinical practicum.

I understand that should I be accepted to the program, I will be required to complete a clinical application that includes an immunization review form. The immunization form is part of the Practicum Application package.

I understand that failure to complete this immunization form or refusal to undergo a criminal records check will prevent me from completing the program.

Date:	BCIT ID #:
Applicant Name: (print)	
Applicant Signature:	

Note: Students will undergo the criminal records procedure only when and if they are conditionally accepted to the program. Immunization review forms are only completed by students following successful completion of didactic Term 3 coursework.
