

SCHOOL OF CONSTRUCTION AND THE ENVIRONMENT

| bcit.ca/construction

ABORIGINAL | BRITISH COLUMBIA
services | INSTITUTE OF TECHNOLOGY

“BCIT has equipped me beyond my technical capabilities for sustainable resource management. With the challenges, and busy schedule, the skills achieved are worth the learning experience. The knowledge I attained has prepared me for my future goal; to return to my community to successfully sustain the environment for our children, and the generations to follow.”

***Beverly Hutchinson, Renewable Resources
Secwepemc from Esketemc***

APPLIED AND NATURAL SCIENCES

- > Brownfield Redevelopment
- > Ecological Restoration
- > Environmental Engineering Technology
- > Fish, Wildlife and Recreation
- > Mining and Mineral Exploration Technology
- > Sustainable Energy Management
- > Sustainable Resource Management

ENGINEERING AND TECHNICAL

- > Architectural and Building Engineering Technology
- > Architectural and Structural CADD and Graphics Technician
- > Architectural Science
- > Building Science
- > Civil Engineering
- > Construction Management
- > Construction Operations
- > Construction Supervision
- > Environmental Engineering Technology
- > Geographic Information Systems
- > Geomatics
- > Interior Design

TRADES AND APPRENTICESHIP

- > Boilermaking
- > Carpentry
- > Electrical Trades
- > Ironworking
- > Joinery (Cabinetmaking)
- > Piping Trades
- > Security Systems Technician
- > Sheet Metal
- > Metal Fabrication
- > Welding
