Student Outcomes Reporting System (SORS)
This report was run by: British Columbia Institute of Technology
This report was run on: 09/25/2019
This report shows data from:
Survey name: BC Trades Diploma and Certificate Student Outcomes Survey
Survey year(s): 2017, 2018, 2019
Results are from previous graduating years 2016 - 2018 and are subject to industry and occupational trends

About the TRADES survey:
The TRADES survey is conducted annually from January to May, with funding from the ministry responsible for post-secondary education, Skills and Training, the Industry Training Authority (ITA), and B.C.’s public post-secondary institutions. The eligible cohort for the TRADES Survey consists of former students who completed trades foundation or trades-related vocational programs. The annual questionnaire is built on a set of core questions based on the major themes of the survey: employment outcomes, further education, ratings of programs, and student satisfaction. Please note the trades foundation and trades-related vocational students were previously surveyed through the DACSO survey. This report does not include apprenticeship, short certificate, baccalaureate, or developmental (Adult Basic Education, English as a Second Language, and Adult Special Education) programs.
