BCIT Student Outcomes Reports for Certificate and Diploma Graduates

2020 Edition

A Detailed Summary of BCIT Graduates’ Activities
One Year After Graduation

Survey of 2016 – 2018 Graduates

Prepared by: BCIT Institutional Research (IR) Office
February 2020
Foreword

The BCIT Student Outcomes Reports for Certificate and Diploma Graduates presents summary results from the annual survey of BCIT graduates, administered approximately one year after graduation. The reports combine the last three years of available survey results for 2017, 2018 and 2019. The survey results, downloaded from the BC Student Outcomes Sharepoint website, are organized into three-page program summaries. Each contains information on graduates’ labour market experiences and their opinions regarding their education. The purpose of this document is to give prospective BCIT students important reference information.

This book is now only available online in Adobe Acrobat Portable Document Format (PDF):

http://www.bcit.ca/ir/

For additional information or to access the BC Student Outcomes Reports visit their website:

https://www2.gov.bc.ca/gov/content/data/statistics/people-population-community/education-training/bc-student-outcomes

Feedback

Those who have questions on the content of this document should direct their queries via e-mail to the following address:

ir@bcit.ca or via telephone (604) 456-1014.

Other Sources of Program Information

The BCIT Student Outcomes Reports for Certificate and Diploma Graduates are produced so that students who require further information regarding specific programs can use this report in tandem with the BCIT full-time calendar. The calendar contains information about program content as well as admission procedures. The calendar is also online, and is contained within the BCIT website at the following URL:

http://www.bcit.ca/study/
Online Career Information

The Internet is an excellent source for BC and Canadian labour market information. The following sites represent a selection of BC and Canadian labour market information sources, where links to other related sites can also be found.

WorkBC's services include job-search resources, personal employment planning, skills assessment and training, and work experience placement.

www.workbc.ca

The following site is a resource for education and career planning for British Columbians:

www.educationplannerbc.ca

The following site from the Government of Canada is an employment and career resource tool for youth aged 15-30:

https://www.canada.ca/en/services/youth.html

BCIT Student Employment Services

BCIT Student Employment Services assists students and alumni with their work search. SES also maintains eJobs, a web-based job posting system for the BCIT community. For more information on the services available to BCIT students and alumni, visit their web site:

Survey Overview

Each year, BCIT and all other publicly-funded universities, colleges and institutes in BC survey their students approximately one year after their program completion. This survey is the main source of information on graduates’ employment experiences and their opinions regarding their educational experiences. This survey project has existed for more than ten years.\(^1\)

The province publishes a series of reports annually, detailing survey results by program at the Provincial level. The reports group together similar programs offered at other BC universities, colleges and institutes. So, although those reports are useful, information for specific BCIT programs is masked. In fact, readers should note that not all current BCIT programs listed in the calendar will have summaries in this book, as it takes at least two years before graduates of new programs are surveyed and then included in the BCIT Student Outcomes Reports for Certificate and Diploma Graduates.

The BCIT Student Outcomes Reports for Certificate and Diploma Graduates presents specific BCIT program results for graduates from full-time (day school) programs and part-time (night school) programs. The survey results reported from questions targeting graduates’ labour market experiences. Whenever possible, three years of combined survey data are presented for each program.

The program survey results are presented using a three-page layout, with the displayed information oriented towards reporting graduates’ labour market experiences (after graduation). Each program’s survey results are presented on their own pages, with the summaries themselves grouped by credential type and by School.

The BCIT Student Outcomes Reports for Certificate and Diploma Graduates are specifically designed to be a key reference for prospective students who are in the process of making their program choices. As such, these reports display much of the survey’s labour market results, skill development and college experience, as well as further studies after completing the program.

\(^1\) The Outcomes Working Group provides direction for the project and has a College/Institute and Ministry representation.
How to Interpret This Report

Each spring, the Outcomes Survey is conducted by telephone. In 2007, the survey was piloted with a web version component and 14% of respondents completed their surveys online. For the three years of available survey data reported in this book, the following table identifies the graduate cohort associated with each of the survey years, the number of graduates initially surveyed, the number who responded, and the response rate.

**Please note the Student Outcome results for certificate and diploma graduates for this year does not include trades foundation and trades-related vocational data as in previous years. Therefore, the table below has been updated to reflect those changes.

<table>
<thead>
<tr>
<th>Survey Year</th>
<th>Survey of those who graduated between:</th>
<th>Number Surveyed</th>
<th>Number Responded</th>
<th>Response Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>2017</td>
<td>July 1, 2015 – June 30, 2016</td>
<td>4,030</td>
<td>2,431</td>
<td>60%</td>
</tr>
<tr>
<td>2018</td>
<td>July 1, 2016 – June 30, 2017</td>
<td>4,297</td>
<td>2,610</td>
<td>61%</td>
</tr>
<tr>
<td>2019</td>
<td>July 1, 2017 – June 30, 2018</td>
<td>4,756</td>
<td>2,962</td>
<td>62%</td>
</tr>
</tbody>
</table>

These reports describe graduates’ labour market experiences at the time of the survey. As is generally the case with the reporting of survey results, the following caveat also applies to the survey results presented here:

**Caution is urged in the interpretation of the results, especially in the case of small sample sizes.**

Types of Programs

The programs that are presented in this book are organized by School and credential type. Most of these programs are full-time day programs, and most full-time programs range from one- to two-years’ duration, depending on the program. Also, students in certificate and part-time programs have been included. Many of the part-time programs are predominantly night school courses and are usually geared for those already in careers. These programs typically show stronger employment outcomes than similar full-time programs. Please refer to the BCIT calendar for further program details.

# Definitions of Terms

The Data Field terminology used in the program fact tables is defined below.

<table>
<thead>
<tr>
<th>Data Fields</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>SURVEY SUMMARY</strong></td>
<td></td>
</tr>
<tr>
<td>Number of Eligible Students in Program</td>
<td>Count of total graduates in program (See table on page iv for cohort year associated with a given survey year.)</td>
</tr>
<tr>
<td>Number of Respondents</td>
<td>Number of students who responded to the survey.</td>
</tr>
<tr>
<td>Response Rate</td>
<td>Percentage of survey respondents to all graduates surveyed.</td>
</tr>
<tr>
<td><strong>EMPLOYMENT OUTCOMES</strong></td>
<td></td>
</tr>
<tr>
<td>In Labour force</td>
<td>Respondents who were in the labour force. The labour force includes people who were employed as well as those who were looking and available for work at the time of the survey.</td>
</tr>
<tr>
<td>Employment Rate</td>
<td>Those who were working in the labour market. Note: inverse of unemployment rate. BCSTATS web page “employment rate” results use the currently employed calculation.</td>
</tr>
<tr>
<td>Employed in a Job-Related to Program</td>
<td>Respondents who were currently employed in an occupation that was either “very” or “somewhat” related to their past training. Further, graduates who enter an occupation related to their program have been shown (on average) to have a higher incidence of full-time work, and to have higher salaries than those in a job “not related” to their program.</td>
</tr>
<tr>
<td>Employed full-time</td>
<td>Those who responded that they were currently working full-time (30 hours or more per week).</td>
</tr>
<tr>
<td>Employed part-time</td>
<td>Those who responded that they were currently working part-time (less than 30 hours per week).</td>
</tr>
<tr>
<td>Hourly Wage of those in training related job</td>
<td>Mean (average) hourly wage of those in training related job main full-time or part-time job (valid responses only).</td>
</tr>
<tr>
<td>How Useful was Your Program in Getting Your Job?</td>
<td>Respondents for whom the program was “very”, “somewhat”, “not very” or “not at all” useful in getting their job.</td>
</tr>
<tr>
<td>How Long Did It Take You to Find Your Program-Related Job?</td>
<td>Respondents for whom it took “less than one month”, “one to two months”, “three to four months”, “five to six months” or “more than six months” to find their program-related job.</td>
</tr>
<tr>
<td><strong>EDUCATION OUTCOMES</strong></td>
<td></td>
</tr>
<tr>
<td>How Satisfied Are You with Your Education?</td>
<td>Respondents who indicated they were “very satisfied” or “satisfied” with their education.</td>
</tr>
</tbody>
</table>
### How Useful Were the Knowledge and Skills You Gained in Your Program in Performing Your Job?
Respondents for whom the knowledge and skills gained from their program were “very”, “somewhat”, “not very” or “not at all” useful in performing their job.

### Skill Development and College Experience

**Skill Development**

**How Well Are Students Prepared to:**
Percentage of respondents who felt skill development was applicable. Question changed to a 4-point scale in 2015. Those who responded “Very helpful” & “helpful”, “not very helpful” or “Not at all helpful” to the skills listed.

**Aspects of Program**

**How Did Students Rate:**
Percentage of respondents who felt aspects of program were applicable. Those who responded “very good”, “good”, “adequately”, “poor”, “very poor” or “not applicable” to the aspects listed.

### Further Studies

**Currently Studying**
Respondents who were currently studying full-time or part-time.

**Taken Further Studies**
Respondents who had taken further studies since the last course at their institution.

**Where Are You Studying or Where Did You Take Further Studies?**
Those graduates who are currently studying or have taken further studies are asked to, indicate which BC Public Post-Secondary Institution they attended for those studies.

**Those who took further studies in a related field were asked:**

**How Well Were You Prepared for Further Studies?**
Respondents whose further studies were related to their program and who felt “very well”, “somewhat”, “not very” or “not at all” prepared for further study due to completing their program.

### Program Demographics

**Gender**
Percentage of male and female respondents.

**Age (yrs)**
Age of surveyed respondents. Breakdown by age groups at time of survey.

**Taken previous post-secondary education**
Respondents who have taken previous post-secondary education and gave a valid response. Respondents could report more than one type of post-secondary credential.
School & Program Survey Results Tables
School of Business
Program Overview (3 year average) - BC Diploma, Associate Degree and Certificate Student Outcomes

School of Business

Employment Outcomes

- Employment Rate: 91%
- How useful was your program in getting your (main) job? (obtained after studies) rated very or somewhat useful: 85%
- How long did it take you to find your program-related job?
  - Less than one month: 38%
  - 1 to 2 months: 32%
  - 3 to 4 months: 16%
  - 5 to 6 months: 8%
  - More than 6 months: 6%

Employment Rate indicates those who responded were working in the labour market.

A Summary of Survey Results (3 year average) - BC Diploma, Associate Degree and Certificate Student Outcomes

Program:
Marketing Management (Professional Sales Option)_630V_DIPMA

Employment Outcomes

In Labour Force: 94%
Those who responded were employed as well as looking and available for work at time of survey.

Employment Rate: 89%
Those who responded were working in labour market.

Employed in job-related program: 100%
Those who responded were currently employed at a job or business at time of survey.

Of those employed (in labour force):

- Full-time: 94%
- Part-time: 6%

How useful was your program in getting your (main) job? (obtained after studies)

- Very: 75%
- Somewhat: 23%
- Not very: 2%

How long did it take you to find your program-related job?

- Less than one month: 60%
- 1 to 2 months: 33%
- 3 to 4 months: 6%
- More than 6 months: 2%

Average hourly wage of those in training related job (main job): $28

Please note results are from previous graduating years and are subject to industry and occupational trends.
When assessing a program, please consider researching other programs within the Post-Secondary Sector, reaching out to those within that industry and connecting with current students in the selected program.
NOTE: All percentages are rounded to whole numbers.
### Education Outcomes

100% of graduates were very satisfied or satisfied with their education.

When assessing a program, please consider researching other programs within the Post-Secondary Sector, reaching out to those within that industry and connecting with current students in the selected program.
NOTE: All percentages are rounded to whole numbers.
Further Studies

- 14% are currently studying on a full-time or part-time basis after completing the program.
- 21% have taken further studies after completing the program.

How well were you prepared for further studies?

- 29% very well
- 57% somewhat
- 14% not very

Program Demographics

Of those respondents who had taken previous post-secondary education:

- 9% no credential
- 3% trades program diploma, certificate, or citation
- 18% non-trades credential below bachelor level
- 71% bachelor’s degree
- 18% certificate or diploma above bachelor level
- 12% graduate degree

Please note results are from previous graduating years and are subject to industry and occupational trends. When assessing a program, please consider researching other programs within the Post-Secondary Sector, reaching out to those within that industry and connecting with current students in the selected program.

NOTE: All percentages are rounded to whole numbers.
Program Outcomes (3 year average) - BC Diploma, Associate Degree and Certificate Student Outcomes

Leadership_6830_ACERT

### Employment Outcomes

**Employment Rate**

98%

Those who responded were working in the labour market.

**How useful was your program in getting your (main) job?**

( Obtained after studies) rated very or somewhat useful

73%

**How long did it take you to find your program-related job?**

- 43% Less than one month
- 21% 1 to 2 months
- 14% 3 to 4 months
- 7% 5 to 6 months
- 14% More than 6 months

Average hourly wage of those in training related job (main job)

$36

### Education Outcomes

94% of graduates were very satisfied or satisfied with their education

**Aspects of Program**

Quality of Instruction rated very good or good

79%

**Aspects of Courses**

Covering topics relevant to field rated very good or good

75%
