Policy Statement

BCIT shall ensure, in all of its business dealings conducted through the use of a legally binding contractual agreement, that:

1. The agreement is properly documented in writing.
2. The parties to the contract are able to meet their obligations within the terms of the document. While this applies to all of BCIT’s obligations, in recognition of the nature of BCIT’s activities, BCIT will be particularly vigilant in its management of intellectual property, confidentiality, and privacy issues.
3. The appropriate level of approval has been obtained for the contract.
4. Staff are aware of the financial and non-financial benefits and obligations which result from the documented contract.
5. Staff comply with all BCIT policies, guidelines, and procedures relevant to a given transaction, including, but not limited to: purchasing policies, intellectual property requirements, indemnifications and insurance, employment standards, collective agreements, and educational policies.

Purpose of Policy

The purpose of this policy is to communicate the principles and behaviours that BCIT employees are expected to demonstrate when carrying out BCIT business transactions through legally binding contractual agreements.

Scope

This policy applies to all types of contracts with the following exceptions:

- Contracts related to employee hiring
- Student contracts which are covered by Procedure 5100-PR1 “Student Reports/Student Performance Contracts”

Legislation

The College and Institute Act, (RSBC 1996, c52):

Authority of Board of Governors and President
Pursuant to Section 36 of the act, the Board of Governors has the authority to appoint a President to exercise the authorities specified by the Board. The President may, without the prior approval of the Board, execute contractual commitments of up to $1 million and up to $3 million for capital construction related contracts. This delegation may be changed at the discretion of the Board, and this policy will be amended to reflect any such change.

Definitions

**Contract:** a written agreement between two or more parties that creates obligations that are enforceable or otherwise recognizable at law.

For example, some of the most common types of contractual documents at BCIT are:
- Revenue Contracts
- Purchase Orders, and their attached documents (maintenance agreements etc.)
- Memoranda of Understanding (MOU's)
- Affiliation Agreements
- Articulation Agreements
- Non-disclosure Agreements (NDA’s)
- Educational Partnerships
- Property Leases
- Intellectual Property Agreements

**Revenue Contract:** a contract or agreement whereby BCIT will receive funds for any reason.

Examples of Revenue Contracts are Industry Service Agreements, Research Grants, Facility Access Agreements, Facility Rental Agreements, property leases, and Donation Agreements.

**Research Contract:** a Revenue Contract arising from dealings with specific funding agencies identified in Procedure 2501-PR1 Contract Preparation.

**Expenditure Contract:** a BCIT Purchase Order, with any attachments, or any other agreement whereby BCIT commits to purchase or rent or lease any goods, services, or real property.

Duties and Responsibilities

1. **Role of Contracts Manager**

   This position provides services and guidance to the campus community in relation to the identification, qualification, and execution of external business opportunities. Duties include:

   (a) Guiding the negotiation, assessment, creation, maintenance, and management of contracts to ensure that they represent the optimal outcome for BCIT in terms of financial, educational, and strategic objectives

   (b) Review of contracts as specified by BCIT policies to ensure that no inordinate legal, financial, or operational risks are presented

   (c) Development and implementation of a contract management procedure to ensure that appropriate staff are aware of the financial and non-financial benefits and obligations in contracts so that BCIT may optimize its performance and financial return.

   (d) Providing administrative services required to expedite, manage, and report on BCIT contracts so that information is readily available for developing cost-effective and efficient strategies and procedures.

2. **Legal Advice**

   Staff wishing to seek legal advice pertaining to contracts require the approval of the initiating Vice President and the Vice President, Administration & CFO, prior to contacting any legal advisors.
3. **Contract Repository**

   The originals of all executed contractual documents are to be retained by the Contracts Manager in the BCIT Contract Repository (vault), and electronically inventoried in both the BCIT Records Management System and the Contract Management Database.

4. **Contract Signing Authorities**

   **Delegation of Authority**

   Employees authorized to sign contractual commitments may delegate their signing authority, in their absence and for a specified period of time, to responsible nominees subject to the following restrictions:

   - The delegated authority must be formally documented by e-mail or in written form.
   - The authorized dollar limits shall not exceed the normal limits set out for the original signing officers.
**Revenue Contracts**

Revenue contracts (with the exception of Property Leases) must be authorized as follows:

<table>

**Purchasing Protocols for Construction Consultant Related Contracts > $3 Million**

Negotiated Request for Proposal ("NRFP") processes will use a defined award criteria for professional consulting and project delivery services.

Award criteria for professional services design services will include categories such as project preplanning, project work plan, project team with a minimum of 30 percent for fees/overall cost.

Award criteria for project delivery services (Construction Management) will include categories such as company history, team experience, and approach/schedule with a minimum of 30% for fees/overall cost.

Invitation to Tender ("ITT") construction contracts are awarded on lowest compliant bid.

NRFP and ITT processes will comply with BCIT Purchasing Policy 2003, Provincial/Federal legislation, trade treaties and applicable guidelines, recognizing BCIT’s obligations as a public sector entity to engage in fair and transparent procurement processes.

*The Board of Governors will authorize all contracts over $3,000,000. Upon approval by the Board of Governors, the President (or designate) and VP Admin & CFO (or designate) may sign the contractual document.*
A. Projects Greater than $10,000,000
For capital construction related contracts over $3,000,000 within overall construction projects with total budget estimates exceeding $10,000,000, the Audit and Finance Committee (AFC) will review and recommend to the Board of Governors in the following manner.

Step 1: Authorization of contracts related to Design and Construction documentation

Prior to initial project review by the Audit and Finance Committee:

1. Staff must present a Class D estimate for the project that is within the value of the Ministry Certificate of Approval (COA) received for the Project and,

2. The designated BCIT Project Steering Committee must provide a recommendation to proceed with the project.

Audit & Finance Committee will consider authorizing for staff to proceed with competitive Negotiated Request for Proposal (NRFP) and contract award for required professional services (E.g. Design, Project Management, and Construction Management). Usually, this will be approximately 15% of the project budget.

Staff will award contracts on this basis and proceed through design including construction documents. Staff will provide updates related to project scope, schedule, and budget, including Class C and B estimates to the AFC at regularly scheduled meetings and/or to a special AFC meeting if there is a material matter to consider.

Step 2: Authorization of contracts related to Construction

Prior to authorization to proceed to tender by the Audit and Finance Committee,

1. Staff must present a Class A estimate for the project that is within the value of the Ministry Certificate of Approval (COA) received for the Project and,

2. The designated BCIT Project Steering Committee must provide a recommendation to proceed with the project tender and construction.

3. Staff must confirm that the Ministry’s approval to tender has been received.

Audit & Finance Committee will consider authorizing for staff to proceed with Invitation to Tender (ITT) and contract award for all construction trade work up to the value of the COA and Class A estimate. If tenders are within budget, then contracts will be awarded and construction undertaken. If tenders are over budget and remain so after value engineering, then staff will seek additional approval from the Board via the Audit and Finance Committee.

Staff will conduct competitive process and award contracts on this basis and proceed through construction. Staff will provide updates related to project scope, schedule, and budget to the AFC at regularly scheduled meetings and/or to a special AFC meeting if there is a material matter to consider.

B. Projects Less Than $10,000,000
For capital construction related contracts over $3,000,000 within overall construction projects with total budget estimates less than $10,000,000, the Audit and Finance Committee (AFC) will review and recommend to the Board of Governors in the following manner.

Step 1: Contracts related to Design and Construction documentation

Prior to staff proceeding to competitively award contracts related to design services, they will:

1. Prepare a Class D estimate for the project,

Staff will proceed with competitive Negotiated Request for Proposal (NRFP) and contract award for required professional services (E.g. Design, Project Management, and Construction Management).
Staff will award contracts on this basis and proceed through design including construction documents.

**Step 2: Authorization of contracts, estimated to be more than $3,000,000, related to Construction**

Prior to authorization to proceed to tender by the Audit and Finance, the CFO or delegate must

1. present a Class A estimate for the project and,
2. provide a recommendation to proceed with the project tender and construction.

Audit & Finance Committee will consider authorizing for staff to proceed with any Invitation to Tender (ITT) and contract award for all construction trade work up to the value of the Class A estimate. If tenders are within budget, then contracts will be awarded and construction undertaken. If tenders are over budget and remain so after value engineering, then staff will seek additional approval from the Board, via the Audit and Finance Committee.

Staff will conduct competitive process and award contracts on this basis and proceed through construction. Staff will provide updates related to project scope, schedule, and budget to the AFC at regularly scheduled meetings and/or to a special AFC meeting if there is a material matter to consider.

Non-Monetary Contracts – Notes

* Mandatory Review

(a) The Contracts Manager must review and approve all documents that deviate from approved templates.

(b) The Contracts Manager’s approval is not required for documents prepared from approved BCIT templates with no modifications.

** Significant Agreements

These are agreements that may pose extraordinary risks or have a substantial impact on BCIT. Examples of significant agreements are listed below.

The list reflects some areas of particular concern that call for diligence by everyone within BCIT involved with the transaction. Before BCIT enters into any significant agreement, there must be appropriate documented review and approval of the proposed transaction, including reference to BCIT external legal counsel wherever applicable.

Compliance with these guidelines requires prudent professional judgment in the context of risk management obligations. Note that the dollar value of a contract is not necessarily an accurate measure of the risk associated with it.

Examples of significant agreements include:

1. Agreements with respect to the acquisition and disposal of real property or other substantial assets of BCIT.

2. Agreements in regard to the licensing, sale, or other disposition of BCIT technology or intellectual property.

3. Agency agreements for activities in other countries. Such activities can have an impact not only on BCIT but also on the BC or Canadian governments due to legislative requirements and political sensitivities.

4. Agreements that have statutory, regulatory, certification, or export control implications.

5. Agreements or arrangements that can in any way be interpreted as limiting competition or restraining trade, according to competition legislation (Agreement on Internal Trade [AIT], North American Free Trade Agreement [NAFTA], or the General Agreement on Tariffs and Trade [GATT]).

6. Agreements that by their nature require review by specialized groups such as Tax, Finance, Risk Management, Insurance, or Industrial Relations.

7. Agreements where BCIT is entering into a joint venture, partnership, or similar legal relationship with another institution or private company, particularly if the other entity is outside Canada.

8. Agreements entered into by BCIT where, as a marketing strategy, there is reference to a significant BCIT partner or the BC government, thereby possibly exposing either or both to liability.
