RATIONALE FOR ON-CAMPUS ACTIVITY

Please provide a short description explaining the need for students to be on campus. Your narrative should be focused on the practical elements of the program or activity that are critical to achieving learning outcomes, and why on campus components cannot be replicated in an online or alternative environment (e.g. student bringing learning equipment home).

Contractual obligation to provide practical assessment for Human Resources (apprenticeship selection). This activity will utilize both the Millwright and Sheet Metal Shops. An Instructor (one) will assess a maximum of four candidates as they work through a fundamental practical assignment (project). Each candidate will be provided their own resources; supplies, tools, machinery, and equipment. There will be one session of up to four candidates in the Sheet Metal Shop and up to three sessions of up to four candidates in the Millwright Shop. All sessions are a maximum three hours with no scheduled breaks, each session will be planned outside of any current activities (PM or week-ends). Candidates have been pre-screened and will have completed Pandemic Control Quiz and will be provided with COVID Safety and Shop Orientation. Both the Sheet Metal and Millwright Departments are currently approved to be operational and have protocols and control measures in place.
