Study Abroad Course Selection

At BCIT Business + Media we have around 100 full-time programs consisting of over 300 courses. As a Study Abroad student you have access to nearly all of these courses.

We offer Study Abroad students two distinct options for choosing courses; Study Abroad by Deign, and Study Abroad Statement of Completion. Each option has unique benefits that will give you more variety in choosing your courses here at BCIT.

If you are a **Bachelor student** attending BCIT, you can choose almost all courses from the majority of our programs. If you are you a **Master student** attending BCIT, you can choose any courses from any of our programs. This includes our graduate level courses that will have a * next to the program or course title. Please note: Study Abroad students can take up to four diploma level courses or three graduate level courses.

It is important to note that BCIT is different from a typical university. In our regular (two-year) diploma programs, our students take credits equivalent to what students in Europe take in three years at a traditional university. In the second year, BCIT programs focus on a specialization area. This means that even as a Master student, level 3000 courses can be a very good fit.

For the best student experience at BCIT, we recommend you choose as least two courses from one full-time program or a Statement of Completion. This is because full-time programs are offered in the daytime at our Burnaby campus where you will be placed with the same set of students for all of your courses within that program. *Part-Time Studies* courses are offered in the evenings and on weekends.

Course Outlines

If you find courses that you are interested in and want to find more information such as the course outline, please visit: <https://www.bcit.ca/outlines/>

Once you have chosen your top eight courses, please record these courses in your course selection form and submit this with your application to the program. Our Student Mobility Coordinator will look over your selection and place you in courses approximately one month before term start. You will then be able to see your course schedule on your my.bcit account. *(Please note: course offerings are subject to change)*

Study Abroad by Design

Study Abroad by Design allows you to build a custom curriculum by selecting up to four courses from any of our business or media program areas. Below you will find courses from our full-time programs. Each program section will be followed by corresponding "Part-Time Studies Courses." These are individual courses offered to students in the evenings and weekends outside of each program. As a Study Abroad student, you are considered a full-time student, and can take courses from both our full-time and part-time studies catalogues. Keep in mind we suggest choosing two or more of your courses from one of our full-time programs for the best experience at BCIT.

Please note: Each program has the same *core business courses* in the first year.

Full-Time Programs

Core Business Courses

BSYS 1000	Business Information Systems	3.0
COMM 1100	Business Communication 1	3.0
ECON 2100	Microeconomics	3.0
